

JUAN FRANCISCO ROBLES ARIAS

PROJECT LEADER | FULL-STACK DEVELOPER

 (52) 81 1010 5529
 jfcorobles@outlook.com
 Monterrey, Nuevo León, México.

ABOUT ME

I am a project leader with experience in project management and software development, utilizing tools like Jira and agile methodologies such as Scrum and Kanban. As a full stack developer with expertise in .NET, Angular, and SQL Server, I have designed and maintained ERP functionalities and resolved bugs. I have successfully managed the release of SAT (Tax Administration Service) requirements and possess in-depth knowledge of ERP administration

SKILLS

- AngularJS / Angular
- Javascript - Typescript
- .NET Framework
- ASP .Net
- SQL Server
- GIT
- NodeJS
- Azure
- HTML
- CSS
- PostgreSQL
- Jira
- Slack

EXPERIENCE

2021 - 2024 | PROJECT LEADER - FULL STACK DEVELOPER | BIND ERP

As a Project Leader, I planned and coordinated the delivery of updates and requirements, ensuring adherence to deadlines and project scope. I led multifunctional teams, managed risks, and resolved issues to maintain alignment with objectives and meet stakeholder expectations.

2018 - 2021 | FULL STACK DEVELOPER | BIND ERP

As a developer, I focused on creating new functionalities for the system, as well as performing maintenance and making necessary corrections.

2016 - 2018 | FULL STACK DEVELOPER | UANL CDIS

I was responsible for developing and releasing various custom projects for the industry. As a software factory, I worked on projects of all kinds, including inventory, logistics, appointment scheduling, banking, etc.
